HISTORY & MISSION

Since 1985, The Lighthouse Foundation has been committed to serving the needs of economically disadvantaged individuals and families in northern Allegheny County and Butler County. The Foundation was the vision of Reverend Dick Moreledge and began as an outreach ministry of the First Presbyterian Church of Bakerstown in August of 1985. The ministry was started in response to the decline of the steel industry and the rising number of families who suddenly found themselves without an income. In its infancy, The Foundation provided food, furniture, home repairs, and emergency shelter to people in need.

In December of 1986, The Lighthouse Foundation became its own 501(c)(3) non-profit organization with the mission of encouraging others to find hope in Christ by meeting their immediate needs and empowering them towards self-sufficiency. Over the past 34 years, The Foundation expanded its programs and services to include six transitional housing facilities, a low income car ownership program, job training, financial literacy and computer classes, and emergency financial assistance for utilities and rent while continuing to offer a weekly food pantry, and interim homeless shelter. While The Foundation remains an outreach mission founded on the teachings of Jesus Christ, its services and programs are open to all people regardless of their religious beliefs.
