

Since 1985, **The Lighthouse Foundation** has been committed to serving the needs of economically disadvantaged families and individuals in northern Allegheny County and Butler County. The Foundation was the vision of Reverend Dick Moreledge and began as an outreach ministry of the First Presbyterian Church of Bakerstown in August of 1985. The ministry was started in response to the decline of the steel industry and the rising number of families who suddenly found themselves without an income. In its infancy, The Foundation provided food, furniture, home repairs, and emergency shelter to people in need.

In December 1986, The Lighthouse Foundation became its own 501(c)(3) non-profit organization with the mission of encouraging others to find hope in Christ by meeting their immediate needs and empowering them towards self-sufficiency. Over the past 35 years, The Foundation expanded its programs and services to include six transitional housing facilities, a car connection program, job training, a cooking class paired with financial literacy, parenting class, and emergency financial assistance for utilities and rent while continuing to offer a weekly food pantry, and interim homeless shelter.
